

# 2019 Candidate Bios

**Khan Anisuzzaman** – I have lived in Texas for the last 25 years and have been a Marshall Ridge resident since 2012. I did my Masters in law from Bangladesh. I have been running my own business for the last 20 years. My wife Naila works for the US Department of State as an English Language Fellow. My two daughters are 30 and 27 respectively; the elder one, Samreen is an attorney in Dallas and my younger one is a Regional Manager for a genomics company, Novogene. Aside from being a Marshall Ridge Board Member for the past 2 years, I am also the President of a non-profit theater organization, Dallas Bangla Theater. I also have an interest in gardening and growing my own vegetables and fruits. I have enjoyed working as a board member and would love the opportunity to serve for another term.

**Rohit (Roy) Parikh** – Nina (my wife of 37 years) and I have lived in Tarrant County for the past 35 years, and this year we have moved into this amazing community of Marshall Ridge. Since 1982, *I have served in various leadership roles for the Texas Department of Transportation* including engineering, design, construction, management and consulting activities. I am a Professional Engineer by trade and very excited to serve on the HOA Board to improve safety and navigate the truly important issues of our community. In the past I have served as President of the Pecan Chase Condominiums HOA and Greater Fort Worth TexITE Chapter. In the past, I have enjoyed working as a volunteer for the Meals On Wheels and tutoring for the Rosemont 6<sup>th</sup> Grade students. While raising our only son Neil, I have actively served for Dunbar High School PTA.

**Mihir Patel** – I have lived in Keller at Marshall Ridge for over 2 years. Interestingly, my wife & I met at Dallas airport for the first time. I was then living in Louisiana and she was in California, fast forward since then we got married in 2017 and move to Keller. By profession, I am a physician executive and my wife is a Family medicine physician. I work with the national physician group which provide services in the hospital setting. In my daily work, I am responsible for 5 hospitals in state of Texas and couple other outside of state. I am directly responsible to manage, staff and budget for >100 physicians and multiple health systems in Texas. I currently serve on the board for Quality for multiple hospitals, JV boards and also on a healthcare startup company. My reason behind applying to the board is to help and support great people of Marshall Ridge and, I want to participate in becoming the voice of the community.

**Erick Peril** – My family and I moved to Marshall Ridge in July 2011. Along with my wife Elanna and 2 teenage children, Jarod 15 and Morgan 13 and our 2 dogs. We enjoy being part of the community. Along with holding the position of Director of Sales for a \$120M company, I also offer services exclusively to my neighbors (livery service and flooring). I am also part of a committee at KISD to ensure quality bussing for our children. I would be proud to serve on our HOA, as I care deeply about my neighbors and our community.

**Tim Stapula** – I am a 41-year old industrial marketing professional with an incredible wife and amazing 5-year old daughter. My family recently moved to Texas and the Marshall Ridge community in April of this year from the suburbs of Chicago. This was a move we eagerly welcomed due to the financial downfall of Illinois for reasons and causes we did not contribute to, believe in or support. Friends and family have encouraged me for years to follow my passions and take an active role in my community. So after my first 6 months in Marshall Ridge, I am determined to not sit idle and watch a great neighborhood potentially go down the same path as that of my previous neighborhood in Illinois as the homes begin to age and the neighborhood continues to turn over. I have been learning about my new community through interactions with neighbors and fellow Keller residents. The first topic that has specifically encouraged me to “walk the talk” is objecting to the proposed “mixed use” development plans right outside of Marshall Ridge on the 37 acres of land bordering 377 that are for sale. I have thoughtfully spoken at the previous two City Council Meetings to object to high-density housing (apartments) being included as part of the “mixed use” definition – all in the name of protecting the Marshall Ridge residents from this disastrous plan that will lower our home values and further pack our schools well beyond their capacities. I want to do even more about the happenings inside my neighborhood, not just outside of it.

**Angela Walby** – Current Secretary of HOA Board. I have been a member of Marshall Ridge HOA since 2015 and a resident of Marshall Ridge since 2009. I work full time as a Clinical Program Consultant and I am a Registered Nurse. I have 4 children and one grandchild, and I love to bake in my spare time. Since being elected to the Board, I have worked with the current Board members to represent the best interests of our community, listen to the concerns of the residents, and effectively stay within the operating budget. We have a beautiful neighborhood, with high operating costs, and my goal is to work to maintain the beauty of the neighborhood.
