

Architectural Modification Application Instructions

Architectural Modification Application

As homeowner within the community, a requirement to abide by the Declaration of Covenants, Conditions and Restrictions (a.k.a. CCRs or Deed Restrictions) exists. The Deed Restrictions protect our property values by keeping a highly desirable place to live. ACC (Architectural Control Committee) approval must be obtained prior to the start of your project. To avoid delay, make your request as complete as possible and type or print legibly. **Incomplete applications will be returned for additional information.** Incorrect information or changes made after approval invalidates approval. The ACC tries to assure that all changes to our properties conform to the appropriate Deed Restrictions. Thank you for your understanding and cooperation.
